

Enfield Council have a Health and Social Care site called 'My Life Enfield'.

www.enfield.gov.uk/mylife

The website currently has:

- Information and Advice pages on various aspects of Social Care/ staying well etc.
- Resource Directory – showcasing local community groups/organisations (For all ages and abilities)
- Upcoming Events Page (Public Events for all ages and abilities)
- Professionals and Providers tile - information, guidance, Partnership Board minutes, Policies etc that professionals and providers may be interested to read

Resource Directory:

Do you know of, or are an organisation/community group/society or club that would benefit Enfield Residents? Then please let us add you to the MyLife Resource Directory. This way when people search the resource directory your community group will show up and people will be sign posted to your information/contact details/website/social media etc.

Please note: A Resource Directory, is an ongoing Resource, Weekly, Monthly etc

Upcoming Events Pages:

MyLife Enfield would like to include information on this page about Public activities/workshops and events that are run in or close to the borough which all members of the community are welcome to participate in. If the Events are directed at particular parts of the Community Only (ie Carers, Under 50s etc, then please state this. Events would happen as a once off, or as a weekend special/launch event.

How do you tell us?

To make it easier for a Resource Directory or Event to be added to the MyLife Website we have launched a 'Tell Us' tab on the MyLife Resource Directory and Events tile (Second tile on the the MyLife Homepage). Simply Click on the Resource Directory and Events tile, scroll down to the section named 'Tell Us', then click the relevant Resource Directory or Event Button and enter the details then submit. **No need to set up an account.**

Please think about SERVICE SUMMARY AND KEYWORDS!

Keywords:

These are words or collection of words people may type in our search bar and you want to be on the results so, if you are a sports club you would want to think broadly and not just Hockey Club, but you could be Hockey; Hockey Club; Sport; Health; Fitness; Over 50s; Team; Social etc etc

Service Summary: This should be high level and gives the person looking enough information to then contact you/look at the website for more detail, so eg, Local Hockey Club that participates in a league, open for all ages and abilities.

(Club name) hold social events on a regular basis form members and friends of members, weekly sessions of Hockey for mixed abilities, supporters group sessions, etc etc

Tell us

MyLife Enfield is a local resource of services and events and we want it to be as useful and up to date as possible.

So if you want to add or update something, please let us know by clicking the relevant button below.
